

Environmental Policy:

Archer Furniture Group are committed to being a trusted environmentally Friendly company. We are committed to recycling where possible to ensure our precious natural resources are available for future generations.

- FSC Certification - Timber is sourced from NZ, USA, Italy, Germany and from companies that display the FSC or PEFC logo on their website, invoices, and documentation.
- Sawdust Upcycling - Sawdust/shavings are collected separately from general waste and delivered by waste company to companies that convert waste to energy systems. (firing kilns etc)
- Timber recycling – 50% recycled internally. Offcuts collected by Charities, school projects etc.
- Foam upcycling – We use Dunlop Foam that is Ultrafresh treated. Offcut Foam is bagged and used by Dunlop for recycling into foam underlay for flooring.
- Fabric recycling – Fabric offcuts recycled into Yarn.
- Recyclable packaging – Upholstered furniture is generally bagged or in cardboard boxes or wrapped in furniture pads. Bags are reused when products delivered and installed by Archers, which would be 60%. Cardboard recycled through a composting machine and sold.
